

## ADMINISTRATION OF FIRST AID POLICY

Under the *Education and Care Services National Regulations* the approved provider must ensure policies and procedures are in place for the administration of first aid (Reg. 168) and take reasonable steps to ensure policies and procedures are followed. First aid can save lives and prevent minor injuries or illnesses from becoming major. The ability to provide prompt basic first aid is particularly important in the context of an early childhood service where educators have a duty of care and obligation to assist children who are injured, become ill, or require support with administration of medication.

## PURPOSE

Our Service has a duty of care to provide and protect the health and safety of children, educators, and visitors of the Service. This policy aims to support educators to:

- Preserve life
- Ensure the environment is safe and other people are not in danger of becoming ill or injured
- Ensure that ill or injured persons are stabilised and comforted until medical assistance intervenes
- Relieve pain if possible
- Monitor ill or injured persons and promote recovery
- Provide immediate and effective first aid to children or adults
- Apply additional first aid if the condition does not improve

*‘First aid can reduce the severity of an injury or illness and in extreme cases, could mean the difference between life and death.’ (Safe Work Australia).*

## SCOPE

This policy applies to children, families, educators, staff, approved provider, nominated supervisor, management, students, volunteers and visitors of the Service.

## IMPLEMENTATION

First aid is the emergency aid or treatment given to persons suffering illness or injury following an accident and prior to obtaining professional medical services if required. It includes emergency treatment, maintenance of records, dressing of minor injuries, recognition and reporting of health hazards, and participation in safety programs.

Our Service is committed to ensuring that children’s safety, rights and best interests are the paramount consideration in all decisions, actions and practices. In the administration of first aid, this means that immediate and appropriate care is taken to protect children from harm and decisions guided by what is in the child’s best interests at all times.

Legislation governing the operation of approved education and care services is founded on the protection of children from harm and hazards. Our Service ensures that first aid practices are implemented in accordance with legislative requirements and embedded into daily practice, policies and procedures.

The Director is responsible for conducting and maintaining each first aid kit by complying with the *First Aid Kit Checklist*, certifying each kit has the required quantities, items are within their expiry dates, and sterile products are sealed. This will occur after each use or if unused, at least annually. This check will be conducted every 6 months.

Individuals, along with the nominated supervisor will also consider whether the first aid kits and components are appropriate and effective for the Service's hazards and the injuries that have occurred. If

the kit requires additional resources, these individuals will advise and follow up with the nominated supervisor.

Our Service will display a well-recognised, standardised first aid sign to assist in easily locating first aid kits. Signage will comply with AS 1319:1994 – Safety Signs for the Occupational Environment.

### FIRST AID KIT CHECKLIST

Our Service will use the checklist provided by the *Childcare Centre Desktop*. The checklist will be completed-annually to ensure first aid kits are equipped and maintained.

Safe Work Australia's [First Aid in the Workplace Code of Practice](#) also provides a guide to what to include in a First Aid Kit.

We will determine the need for additional items to those in the checklist, or whether some items are unnecessary, after analysing the number of children at our Service and what injuries children or adults may incur. We will review our incident, injury, trauma and illness records to assist us in making an informed decision about what to include.

### CONTINUOUS IMPROVEMENT/REFLECTION

Our *Administration of First Aid Policy* will be evaluated and reviewed on an annual basis or earlier if there are changes to legislation, ACECQA guidance or any incident related to our policy. Feedback will be requested from children, families, staff, educators and management, and notification of any change to policies will be made to families within 14 days.
